

Welcome to Otway Blueberry's Pick Your Own

Conditions of Entry

- Blueberries will not ripen after being picked, so only pick them once they are blue.
- Please pick into the baskets provided. Your fruit will be weighed as you leave and put into your containers (or plastic bags if you didn't bring a container). If you wish to pick into your own container it must be weighed prior to starting picking.
- There is no entry fee but a minimum charge of \$16 per family (which equates to one kg of blueberries).
- Picking rates are \$16 per kg if you pick under 5kg. After you reach 5kg, a discount applies to the total, which drops the rate \$13 per kg.
- Our blueberries have nothing sprayed on them so they are safe to eat on the way home.
- Staff will instruct you on where to pick, please ensure you stay in the allocated areas for your own safety. Failure to stay in the allotted area will incur a fee.
- No dogs allowed inside the picking area, unless it is a helper dog.
- No running down the aisles or throwing blueberries. We ask that children are supervised at all times, mostly so they don't get lost.
- Smoking is prohibited.
- All blueberries picked must be paid for, even if you picked more than you intended. We cannot use them for our own commercial use.
